John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, The Dreamer Who Dreams You, Daniel Stone, This book describes a walk: a walk in a world where everything breathes, everything thinks, everything has consciousness. There is a gradual opening through the dreaming body to the elements, trees, rocks; to animals, the human animal, the planet Earth, the stars, the universe. In this walk there is no difference between man and nature. All is energy, naturally. The dream is a central theme in the awakening to this ecstatic reality. The dreamed meets the dreamer like the painting meets the artist. There is an ecstatic dialogue between the creator and the created. They co-create the new dream of their life, and dance between time and timelessness to the place of no thought - the nirvana of the eastern traditions where we no longer have to speak, because there is no defining the beauty of unity.
