INNOVATION POLICY IN THE KNOWLEDGE-BASED ECONOMY

Book Condition: New. Publisher/Verlag: Springer, Berlin | Scholars in the science and technology field have not collectively questioned, much less proposed, an agenda for policy makers. Now is an appropriate time for such an undertaking. First, there is a growing belief that the U.S. national research and development system, like that of many industrial nations, is changing due to global competitive pressures and advancements in information technology and electronic commerce. Second, industry's R&D relationship with the academic research community is...

Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

-- **Ervin Crona**

A top quality publication as well as the font utilized was fascinating to read. It is among the most incredible pdf I actually have read through. I am easily could get a pleasure of looking at a created publication.

-- **Scot Howe**

Complete guide! It's such a good go through. It is really fascinating through reading period of time. It's been written in an extremely basic way and is particularly only after I finished reading through this publication through which really changed me, change the way I really believe.
