Reviews

This ebook is indeed gripping and fascinating. it had been writtern really properly and helpful. I am very easily could possibly get a satisfaction of reading a published publication.
(Maude Ritchie)

HACKERS

DOWNLOAD PDF

O'Reilly Media. Paperback. Book Condition: New. Paperback. 520 pages. Dimensions: 8.3in. x 5.5in. x 1.2in.This 25th anniversary edition of Steven Levys classic book traces the exploits of the computer revolutions original hackers -- those brilliant and eccentric nerds from the late 1950s through the early 80s who took risks, bent the rules, and pushed the world in a radical new direction. With updated material from noteworthy hackers such as Bill Gates, Mark Zukerberg, Richard Stallman, and Steve Wozniak, Hackers is a fascinating story that begins in early computer research labs and leads to the first home computers. Levy profiles the imaginative brainiacs who found clever and unorthodox solutions to computer engineering problems. They had a shared sense of values, known as the hacker ethic, that still thrives today. Hackers captures a seminal period in recent history when underground activities blazed a trail for todays digital world, from MIT students finagling access to clunky computer-card machines to the DIY culture that spawned the Altair and the Apple II. Amazon. com Exclusive: The Rant Heard Round the World By Steven Levy Author Steven Levy When I began researching Hackers--so many years ago that its scary--I thought Id largely be chronicling the foibles of a sociologically weird cohort who escaped normal human interaction by retreating to the sterile confines of computers labs. Instead, I discovered a fascinating, funny cohort who wound up transforming human interaction, spreading a culture that affects our views about everything from politics to entertainment to business. The stories of those amazing people and what they did is the backbone of Hackers: Heroes of the Computer Revolution. But when I revisited the book recently to prepare the 25th Anniversary Edition of my first book, it was clear that I had luckily stumbled on the origin of a computer (and Internet)...
