Brand New Book ***** Print on Demand *****.Essay from the year 2004 in the subject English Language and Literature Studies - Literature, grade: Distinction, University of Newcastle upon Tyne (School of English Literature, Language and Linguistics), course: Reading the Past, 9 entries in the bibliography, language: English, abstract: The semantic field opened up by the term modernity describes a multifaceted body of experiences that are seen as somehow different from earlier, more traditional modes of experience. In order to critique how our hopelessly forgetful modern societies, propelled by change, organize the past Nora juxtaposes an...
