THE MAN S MANUAL TO A WOMAN S INNER BODY: THE G-SPOT

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Now, once you know where the G-Spot is does not mean you can make it work. Let me relate it to you like this, guys. Just because your car looks like it can go fast, does not mean you can win a race, especially when there is no gas in the tank and no motor under the hood. Even with the best engine under the hood, it still takes a driver with skill, patience and technique to navigate the terrain to the finish line rather than becoming a victim of the crash and burn. It is the same way with a woman. You can hit the G-Spot with the clumsiness of a jack hammer or use finesse with the most expensive vibrator in the world, but if she isn t primed and ready for it, then it would be easier to make butter with a toothpick. I want you to not only be a man but, Be the Man!.
