A sinister plot for world domination converges with a frantic search for a missing child, and all hell breaks loose. . . . FUEL FOR THE FIRE catapults from gangbangers to skin-heads, to the schemes of corrupt senators, bizarre murders and glimpses of the supernatural on a planet rapidly sinking into the web of a power-grabbing New World Order. Trapped by a race-riot, four-year-old Lora Clark disappears. Her parents frantic efforts to find her provoke a string of gruesome murders that have them fleeing for their own lives. Dr. Clark disappears into the hood seeking help from his gang-banger brother-in-law as Janisa Clark desperately wonders why anyone would take her daughter and what kind of God would allow it. Defying orders from his superiors, FBI agent Sean McArthur begins to unravel evidence linking the missing child to a sinister plot reaching to the heights of the United States government. In the process dark family secrets slowly ooze out and lives are ruined or lost as other lives are physically or spiritually saved.
