The owners hold a competition every year where participants must hunt for each other s badges in the middle of a forest. In order to pass the first round, winners must present one of three badges: their own, their predator s or their prey s. Winners presenting all three become the ultimate forager and complete the competition without needing to fulfill any other rounds. Contestants must make it to the top of the food chain in order to win. Among them lurk recruits of two assassin clans, the Spider Clan and the Mamushi Clan, battling each other for control over the forest.
